ArkHive

Will Lankston

Will has been with the business for Three years. He is Head of Retail for the ArkHive project and is excited to be able to open the new space to the Henley community. He has a passion for brightly coloured trousers (especially on the golf course). He has Two Border Collie: Bobby and Moby and lives on a farm away but has been coming to Henley for the Regatta for years.

Paul Lockyer

Paul has been with the Timpson business for Four years. He decided to take up roles at the ArkHive pilot shop because he loves technology and was excited by the opportunity to help people take more control of their personal information. He has a One year old American Bulldog called "Chief" and has been living in the Henley area for Two years.

Adam Jarvis

Adam has been working at Timpson for Two years. He decided to make the move to the ArkHive pilot shop because he has a strong understanding of computer systems (he built them in his spare time) and he is eager to help people understand more about their digital identity. He is self-confident, fun, laid-back and challenges anyone to beat him in a game of Trivia. Adam has been just down the road since he was born.

ArkHive

DBS Checks for Individuals

At ArkHive, we have the ability to request a basic DBS check on your behalf. A basic DBS check is often part of a job application, meaning you can't do it until you've been offered a job. However, the basic DBS check will allow you to be able to prove you have no outstanding criminal convictions. Most people assume that they would know of any criminal convictions. However, it is becoming more common that people are unaware of convictions against their name. Many of these are harmless and can be removed such as a drink or drug use offence of parking fines. It is important to find out quickly though, so that the issue doesn't affect your future.

To request a basic DBS check on yourself, ask one of our colleagues in the shop. The process is simple. They need to take some basic personal details from you and confirm your identity. Then, you will normally receive your basic DBS check certificate within 5 weeks. The certificate will then be kept and shown to prospective employers. We can also request a copy of the certificate into your ArkHive online store. You will also be able to access the certificate whenever you need it and will ensure it will never be lost. At any time, check your DBS including the certificate and we will ensure you have access for you and only an updated copy of your certificate will be held.

Personal Services

Welcome to ArkHive

The world's first identity shop

This is a new business idea we've been working on since 2013 and if we are honest, we have no idea if it's going to work! It's better to try and fail than never to have tried at all. We really appreciate your honest feedback on what you experience here today.

Thank you.

James Timpson

ASSISTED DIGITAL TRIAL

- A trial with the assisted digital team at GDS and Her Majesty's Passport Office.
- Trialling a walk in service for an assisted digital passport application.
- We ran the trial over 4 days - 2 at our Max Spielmann photo centre in Newbury and 2 at the new ArkHive shop in Henley.

Why would someone need an assisted digital service to complete a passport application online?

JAMES T- USER NEEDS VIDEO

Would providing an assisted digital service have an impact on any of our other services?

JAMES T- BRANCH TARGET VIDEO

How would customers react to accessing this service in a high street environment?
