Subject: RE: Member Representative Election

Hi Stephanie

I have shared in many projects and working groups with Jim over the past 8 years. Jim has a pragmatic vision for the digital identity ecosystem in the UK, has extensive knowledge of the regulatory landscape and relying parties needs and constraints as well as the supply side identity market.

I believe he will make an excellent General Members Representative and happily second his application.

Kind regards
Rob

**Subject:** Member Representative Election

Stephanie,

I have attached my Nomination Questions & Answers form.

Rob has kindly agreed to second me.

Regards

Jim
